Corunna and its surroundings/

Activities to enjoy with your family/

Corunna and its metropolitan district is the perfect place for visiting with your family. It offers many alternatives for practising open-air activities, from cycling along the Sea Promenade to visiting museums, a boat trip on the estuary or bathing in any of its more than 30 beaches.
Here, there is only on rule:
Not enjoying is forbidden

The motto of the Scientific museums of Corunna (Domus, Aquarium, Sciences Museum) is “It is forbidden not to touch” and they are ideal places for spending a day with the family and enjoying through learning. If you prefer other types of activities in the open air, there are many parks, leisure areas and gardens, beaches with services for children and walking routes that take you to places worth seeing. One option in which success is guaranteed is renting a bike and spending a day cycling along the Sea Promenade with your family, in Culleredo or any of the beaches in the region. In the winter, small children will enjoy the children’s theatre activities organised in the cultural centres, story-telling sessions or ice-skating.
